1. The FY27 tuition price for open enrollment seats entering the two-year, eight quarter (two courses per quarter) distributed learning part-time **Systems Engineering Non-Resident Distance Learning Master's Degree Program with MBSE and Systems of Systems focus (Cohort 311-273O)** is $2850 per course ($45,600 for degree) for military, federal government civilian employees and defense contractors, payable in full by FY, quarterly installments or as negotiated with the program manager. Qualified active duty Naval and Marine Corps Officers may be eligible for NPS mission funding. Tuition does not include textbooks.

Courses are delivered over the Internet using web-conferencing tools (MS Teams). Each course also has a site on SAKAI, the NPS course management system. To participate, students and/or local commands need high-speed Internet access, a PC microphone and PC camera (optional). No special software is required. Students can access a session link directly from their internet browser.

2. Funding documents issued to the Naval Postgraduate School should be addressed to the President, Code 21, Naval Postgraduate School, Monterey, CA 93943 and must be in accordance with reference (a). Funding documents should be emailed to tuition@nps.edu. For Navy customers in ERP, please contact Funds@nps.edu before sending. The funding documents should reference the invoice # and include the program title **Systems Engineering Non-Resident Distance Learning Master's Degree Program (Cohort 311-273O)**. List the technical contact as Mr. Charbel Samaha, 831-656-2053, charbel.samaha@nps.edu; the financial contact as Airyn O'Brien, 831-656-3577, funds@nps.edu and the business financial manager as Ms. Yves Cameron, 831-656-3950, SEDLBFM@nps.edu. Expiration and Period of Performance dates for winter through summer quarters must end on 30 September and be issued as an Economy Act Order. Fall quarter begins in September but also crosses fiscal years, so documents should be issued as a Project Order when funds are expiring at the end of September. Otherwise, when using non-expiring funds or a multi-year appropriation, send as Economy Act. The period of performance for fall quarter must end on 31 December.

3. A fully executed support agreement (7600A) or, for DoD contractors, an MOA) is required before a student can be officially enrolled in an NPS program. Contact sponsorededucation@nps.edu for further information.

4. In accordance with the Anti-Deficiency Act, tuition is due before the first day of each quarter, and it must be paid using current-year funding of the fiscal year in which the academic quarter begins. If tuition is not received by this time, a bursar hold will be placed on each student account, preventing the student from participating in class until tuition has been paid. Lack of payment will result in disenrollment.

5. The tuition price per course is established each fiscal year by NPS and is based on a distance learning cost model. To the maximum extent possible, prices will remain consistent. Prices will not change within any particular fiscal year but may change from fiscal year to fiscal year.
